What’s in a name? If it’s a pun, I love it, as is the case with virtually unknown Cilieggiolo grape variety which Badia has translated for marketing purposes into “Chill Your Jolo.” A grape sometimes used in Chianti blends, “Chilly” is becoming more common as a chillable, easy drinking red – much like a more-lovable Vermouth with red fruity flavors and bitters around the edges. Though not beautiful, it is a wine with a great personality.
